Baruch Forward: What You Need to Know and Do as You Return to Campus

To Baruch Students, Faculty, and Staff:

As more members of the Baruch community continue to return to classrooms and offices on campus, and with our [Days of Welcome](#) underway this week for the Class of 2025, below are some reminders to help you prepare for the transition back.

Get Vaccinated: Mobile Covid-19 Vaccination Van on Campus

- Today through Thursday, August 26, a mobile vaccination van will be parked at the entrance to the Clivner=Field Plaza, at 25th Street and Lexington Avenue.
- It's open from 8 am to 6 pm and no appointment is necessary.
- The single-dose J&J vaccine and the two-dose Pfizer option are available.

Proof of Vaccination or a Negative Test Required to Enter Campus

- All students attending in-person and hybrid classes are required to be vaccinated against Covid-19. Visit CUNY's [Vaccination Policy FAQs](#) for critical deadlines and CUNYfirst verification procedures.
- If you are not yet fully vaccinated, you must show a negative Covid-19 test result from within the last seven days. Testing must take place at one of the [citywide CUNY locations](#)—including the first floor of the Newman Vertical Campus.

Masks are Required Indoors on Campus

- CUNY enacted a [temporary mask mandate](#) for indoor campus facilities and outdoor locations when social distancing cannot be maintained.

Baruch Forward: Stay Informed

- Our [Baruch Forward](#) website is updated frequently—often daily—with critical information on accessing campus, testing protocols, and additional health and safety measures.
- CUNY also maintains a list of [Frequently Asked Questions](#) regarding the return to campus. Please visit both sites often for real-time updates.

Thank you for your understanding and resilience as we re-engage with each other and our campus in person.

Sincerely,

Katharine T. Cobb
Vice President for Administration and Finance
Chair, Baruch College Safe Campus Reopening Committee
